

**TYPE: COOLING CABINET**

**TECHNICAL CHARACTERISTICS**

**COOLING CABINET Basic F 70**

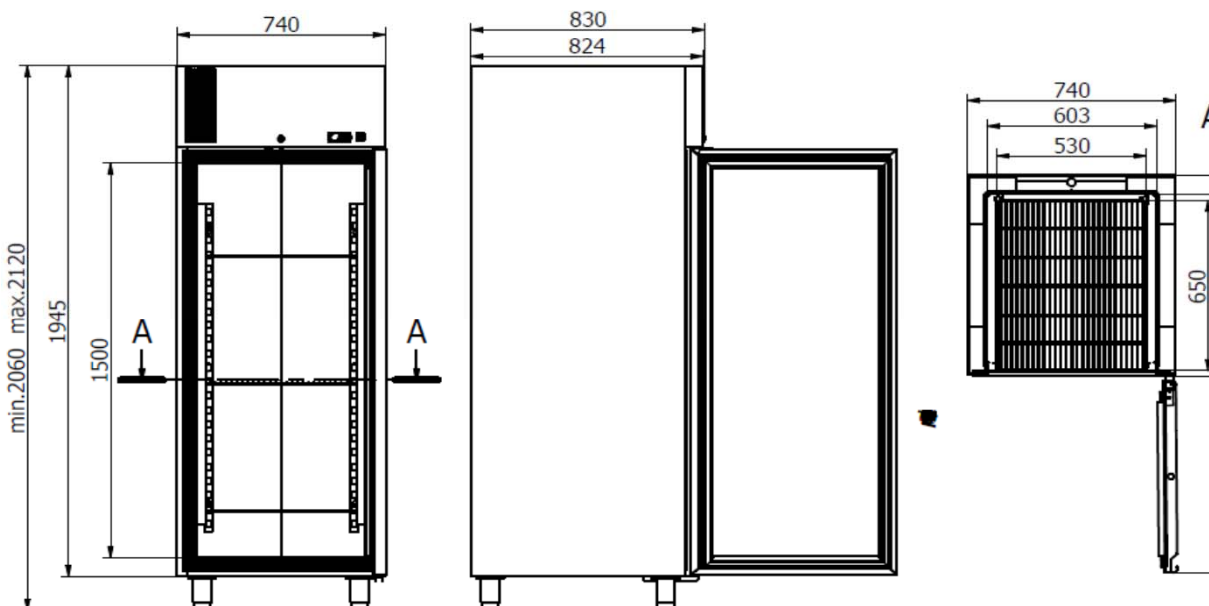

Dimensions	[mm]	Width	Depth
External		740	830
Internal		603	694

Net volume:	626 [dm <sup>3</sup> ]
Weight:	125 [kg]
Loading:	90 [kg]
Quantity of shelves:	3
Maximum shelf load:	30 [kg]
Temperature range:	-18... -20 [°C]
Environmental conditions:	max. +40 [°C] 60% HR
Power consumption:	400 [W]
Cooling capacity:	285 [W]
Refrigerant:	R-290
Power supply:	230/50 [V/Hz]
Energy consumption:	max. 3 [kWh/24h]
Doors quantity:	1

**Standard equipment:**

- stainless steel body
- full inox doors
- automatic fan switch
- isolation made of ecological polyurethane 70 mm
- automatic evaporation of condensate
- fan air circulation
- electronic control of the digital temperature display
- adjustable legs
- cooling monoblock is up inside the body of cabinet
- easy changeable magnetic gasket
- 3 shelves 2/1 530x650
