

K6ESP05TT

TOP ELECTRIC CHIP SCUTTLE

PRODUCT DESCRIPTION

Stainless steel frame. Athermic thermoset plastic knobs with useful screen printed edges.

Heating obtained through a **curved radiant heating element** embedded in a ceramic plate, which is placed on the back side of the appliance. Automatically-reactivating safety thermostat to protect against overheating.

Stainless steel front, side and back panels.

1/2 GN removable container with handles. Stainless steel slide for an adequate hot air circulation.

Laser-cut work top finishing for "head-to-head" matching and binding fastening.

Accessories available **on demand**.
